

Wider ministry updates

Church gatherings and encouragement

November 21, 2023 update

Churches gathering around the gospel

The November update looked back on the August ministry trip and a series of church gatherings. At Bweyendele, the September 28–October 1 conference included twelve baptisms and 22 child dedications. At Kakindo, the October 26–29 gathering included sixteen baptisms and fourteen professions of faith.

Encouraging new and established congregations

The report also described an opening gathering at Iremeera Community Church and identified a need for communion supplies. These gatherings brought pastors and congregations together for worship, teaching and encouragement.
