

Prison ministry

The first prison outreach circuit

Through May 31, 2026

Church leaders reaching beyond their congregations

The first outreach circuit brought PSM leaders into prisons across the region to share the gospel, pray and encourage existing fellowships. By May 31, the ministry had reported 421 professions of faith during 2026: 58 in January and 363 during the spring circuit.

Preparing to return

As the circuit concluded, the team began preparing return visits for baptism and continued teaching. The opportunity ahead was to help people grow in the faith they had professed, through Scripture, pastoral care and continuing relationships.
