

Bible school and discipleship

Learning for a lifetime of ministry

September 2026

A foundation in Scripture

The Mobile Bible School partnership began in 2024, when 29 pastors completed the first year. A further 33 completed the 2025 program and celebrated their graduation in January 2026. Of those first 62 trained pastors, 38 continued into the advanced class in 2026.

A shared commitment to preparation

Africa Renewal Ministries and Africa Renewal University provide the training partnership, Pastoral Support Mission hosts locally, and Expand Uganda helps fund access to the study. Formal learning strengthens the work pastors are already doing in their congregations.

Putting learning into practice

Pastors carry their learning into preaching, discipleship, pastoral care and outreach. Pray for understanding of Scripture and for lives that reflect what is being taught.
