Ebenezer scholarship term report

Term III · September 2026

Recognizing learning and helping students continue

The Term III 2026 Ebenezer program allocation is 11,627,000 UGX across Grace Christian, Mustard Seed and Ebenezer Christian School in Isingiro.

Working with the schools

Teachers identify high-achieving students, school leaders review the recommendations, and PSM coordinates awards with participating schools. Certificates recognize learning, while scholarship support helps cover the following term.

Pray for the students

Pray for students as they return to class, for the teachers who encourage them, and for families supporting their learning.
